AMENDMENT

Sir:

In response to the final Office Action dated August 28, 2002, please amend the above-identified patent application as follows:

In the claims:

Please amend claim 1 as follows:

1. (Four Times Amended) A surface-mountable electrical circuit protection device comprising:

a first electrically insulative supporting substrate including an electrode disposed on a first surface thereof;

a second electrically insulative supporting substrate including an electrode disposed on a first surface thereof, separate from the first electrically insulative supporting substrate;

first and second PTC elements separated from one another by one of the first and second substrates, each PTC element including a polymer having conductive particles dispersed therein, the PTC elements each positioned adjacent to one of the first and second supporting substrates and formed to contact a portion of the first surface of one of substrates and at least a portion of the electrode disposed thereon;
